State of Montana
Office of the Governor
Helena 59620

Montana...The Last of What is Best in America...
welcomes your interest in our state.

As Calvin Coolidge once said, "The business of America is business." Montana subscribes to this view and recognizes business as the fundamental ingredient to a healthy economy. Our abundant natural resources, clean air and water, pristine surroundings, together with the good people of our state, all enrich our business environment.

I hope you find the information in the 1980-81 Montana Directory of Manufacturers useful. Please feel free to contact my office or the Department of Commerce should you have any further questions.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ted Schwinden".
TED SCHWINDEN
Governor

FOREWORD

The 1980-81 Montana Directory of Manufacturers is the sixth revised edition of the Directory. It is not only a guide for potential customers but also an important tool for statewide economic development.

Production of the Directory combined the capabilities of electronic data processing to gather and edit data with a computer-driven phototypesetter, thereby offering the advantages of a continuous periodic updating system and more efficient utilization of staff time.

The product classification used in the Directory is based on the Standard Industrial Classification of Establishments, compiled and published by the Office of Federal Statistical Policy and Standards.

Research for the 1980-81 Directory could not have been carried on without the help of the manufacturers themselves. To the executives and employees of individual manufacturing firms that provided the basic information by completing the survey form and through follow-up personal contacts, thank you. To the Chambers of Commerce and local development organizations who assisted in locating new firms throughout the state, thank you.

While every effort was made to insure accuracy, errors can occur and we regret any inconveniences that may arise from unintentional mistakes. We welcome comments, suggestions for improving content of the Directory, or correction of errors.

A handwritten signature in black ink, appearing to read "Gary Buchanan". The signature is fluid and cursive, with a large initial "G" and "B".

Gary Buchanan, Director
Department of Commerce

STATISTICAL SUMMARY

*SIC Group No.	Name	Manufacturers		Employment	
		Number	Percent	Number	Percent
20	Food & Kindred Products	95	15.5%	2,953	17.1%

How To Use This Directory

SECTION I — ALPHABETICAL LISTING (BLUE)

The blue section lists alphabetically the names of manufacturing firms in Montana. Information includes mail address, street address if different; phone number; county; name and title of executive; employment-size class; products manufactured and related industry codes.

Employment-size classes: S = 1-10 employees; M = 11-50; L = 51 or more; U = Unknown.

Example:

Truzzolino Food Prod Co	<i>Name of Firm</i>
104 N Parkmont	494-3132 <i>Mail Address & Phone Number</i>
Butte 59701 <i>City and Zip Code</i>
Silver Bow County <i>County</i>
John M Truzzolino Pres	M <i>Exec. Name & Title; Employment Size</i>
Tamales, Canned	2032 <i>Products and Codes</i>
Tamales; Tortillas: Frozen	2038	
Food Specialties — Traypacks	2038	

SECTION II — GEOGRAPHICAL LISTING (PINK)

The pink section lists the manufacturing firms alphabetically within each city, the cities in turn alphabetically.

Example:

Butte	<i>Name of City</i>
Truzzolino Food Prod Co <i>Manufacturers listed alphabetically</i>
Underground Mine Tire Inc		
Western Iron Works Inc		
Cardwell	<i>Name of City</i>
Clays in Calico <i>Manufacturers listed alphabetically</i>

SECTION III — SIC ESTABLISHMENT LISTING (YELLOW)

The yellow section lists manufacturing firms alphabetically under four-digit industry codes that classify establishments by primary type of activity. Significant information described in Section I, except county and products, appears here.

Example:

2032-Canned Specialties	<i>Four-digit Code & Title</i>
Truzzolino Food Prod Co <i>Name of Firm</i>
104 N. Parkmont	494-3132 <i>Mail Address & Phone Number</i>
Butte 59701 <i>City and Zip Code</i>
John M Truzzolino Pres	M <i>Exec. Name & Title; Employment Size</i>

SECTION IV — PRODUCT LISTING (GREEN)

The green section lists manufacturing firms, together with activity-related industry codes, alphabetically under products from "acetylene" to "zinc fume".

Example:

Tamales, Canned	2032	<i>Product and Industry Code</i>
Truzzolino Food Prod Co <i>Manufacturers listed alphabetically</i>
Tanks, Fiberglass	3079	<i>Product and Industry Code</i>
Lakeside Corp <i>Manufacturers listed alphabetically</i>
Poly-Fibre Products Co

Appendix I

Major Group Titles and Descriptions of Industries — The Standard Industrial Classification of Establishments — Manufacturing

Major Group 20.—FOOD AND KINDRED PRODUCTS

This major group includes establishments manufacturing or processing foods and beverages for human consumption, and certain related products, such as manufactured ice, chewing gum, vegetable and animal fats and oils, and prepared feeds for animals and fowls.

Major Group 21.—TOBACCO MANUFACTURERS

This major group includes establishments engaged in manufacturing cigarettes, cigars, smoking and chewing tobacco, and snuff, and in stemming and redrying tobacco. The manufacture of insecticides from tobacco byproducts is included in Major Group 28.

Major Group 22.—TEXTILE MILL PRODUCTS

This major group includes establishments engaged in performing any of the following operations: (1) preparation of fiber and subsequent manufacturing of yarn, thread, braids, twine, and cordage; (2) manufacturing broad woven fabric, narrow woven fabric, knit fabric, and carpets and rugs from yarn; (3) dyeing and finishing fiber, yarn, fabric, and knit apparel; (4) coating, waterproofing, and otherwise treating fabric; (5) the integrated manufacture of knit apparel and other finished articles from yarn; and (6) the manufacture of felt goods, lace goods, nonwoven fabrics, and miscellaneous textiles.

This classification makes no distinction between the two types of organizations which operate in the textile industry: (1) the "integrated" mill which purchases materials, produces textiles and related articles within the establishment, and sells the finished products; and (2) the "contract" or "commission" mill which processes materials owned by others. Converters or other nonmanufacturing establishments which assign materials to contract mills for processing (other than knitting) are classified in nonmanufacturing industries; establishments which assign yarns to outside contractors or commission knitters for the production of knit products are classified in Group 225.

Major Group 23.—APPAREL AND OTHER FINISHED PRODUCTS MADE FROM FABRICS AND SIMILAR MATERIALS

This major group, known as the cutting-up and needle trades, includes establishments producing clothing and fabricating products by cutting and sewing purchased woven or knit textile fabrics and related materials such as leather, rubberized fabrics, plastics and furs.

Included in the apparel industries are three types of establishments: (1) the "regular" or inside factories, (2) contract factories, and (3) apparel jobbers. The regular factories

perform all of the usual manufacturing functions within their own plant; the contract factories manufacture apparel from materials owned by others; and apparel jobbers perform the entrepreneurial functions of a manufacturing company, such as buying raw materials, designing and preparing samples, arranging for the manufacture of the garments from their materials and selling of the finished apparel.

Custom tailors and dressmakers not operating on a factory basis are classified in Industry 5699; establishments which purchase and resell finished garments but do not perform the functions of the apparel jobbers are classified in Group 513.

Major Group 24.—LUMBER AND WOOD PRODUCTS, EXCEPT FURNITURE

This major group includes logging camps engaged in cutting timber and pulpwood; merchant sawmills, lath mills, shingle mills, cooperage stock mills, planing mills, and plywood mills and veneer mills engaged in producing lumber and wood basic materials; and establishments engaged in manufacturing finished articles made entirely or mainly of wood or wood substitutes. Certain types of establishments producing wood products are classified elsewhere. For example, furniture and office and store fixtures are classified in Major Group 25; musical instruments, toys, and playground equipment, and caskets in Major Group 39. Woodworking in connection with construction, in the nature of reconditioning and repair, or performed to individual order, is classified in nonmanufacturing industries.

Major Group 25.—FURNITURE AND FIXTURES

This major group includes establishments engaged in manufacturing household, office, public building, and restaurant furniture; and office and store fixtures. Establishments primarily engaged in the production of millwork are classified in Industry 2431; wood kitchen cabinets in Industry 2434; cut stone and concrete furniture in Major Group 32; laboratory and hospital furniture in Major Group 38; beauty and barber shop furniture in Major Group 39; and woodworking to individual order or in the nature of reconditioning and repair in nonmanufacturing industries.

Major Group 26.—PAPER AND ALLIED PRODUCTS

This major group includes the manufacture of pulps from wood and other cellulose fibers, and from rags; the manufacture of paper and paperboard; and the manufacture of paper and paperboard into converted products such as paper coated off the paper machine, paper bags, paper boxes, and envelopes. Certain types of converted paper products are classified elsewhere, such as abrasive paper in Industry 3291, carbon paper in Industry 3955, and photosensitized and blueprint paper in Industry 3861.

Major Group 27.—PRINTING, PUBLISHING, AND ALLIED INDUSTRIES

This major group includes establishments engaged in printing by one or more of the common processes, such as letterpress, lithography, gravure, or screen; and those establishments which perform services for the printing trade, such as bookbinding, typesetting, engraving, photo-engraving, and electrotyping. This major group also includes establishments engaged in publishing newspapers, books, and periodicals, regardless of whether or not they do their own printing. News syndicates are classified in Service Industries (Industry 7351), and textile printing and finishing in Major Group 22.

Major Group 28.—CHEMICALS AND ALLIED PRODUCTS

This major group includes establishments producing basic chemicals, and establishments manufacturing products by predominantly chemical processes. Establishments classified in this major group manufacture three general classes of products: (1) basic chemicals such as acids, alkalis, salts, and organic chemicals; (2) chemical products to be used in further manufacture such as synthetic fibers, plastics, materials, dry colors, and pigments; (3) finished chemical products to be used for ultimate consumption such as drugs, cosmetics, and soaps; or to be used as materials or supplies in other industries such as paints, fertilizers, and explosives. The mining of natural rock salt is classified in mining industries. Establishments primarily engaged in manufacturing nonferrous metals and high percentage ferroalloys are classified in Major Group 33; silicon carbide in Major Group 32; baking powder, other leavening compounds, and starches in Major Group 20; and artists' colors in Major Group 39. Establishments primarily engaged in packaging, repackaging, and bottling of purchased chemical products, but not engaged in manufacturing chemicals and allied products, are classified in trade industries.

Major Group 29.—PETROLEUM REFINING AND RELATED INDUSTRIES

This major group includes establishments primarily engaged in petroleum refining, manufacturing paving and roofing materials, and compounding lubricating oils and greases from purchased materials. Establishments manufacturing and distributing gas to consumers are classified in public utilities industries, and those primarily engaged in producing coke and by-products in Major Group 33.

Major Group 30.—RUBBER AND MISCELLANEOUS PLASTICS PRODUCTS

This major group includes establishments manufacturing from natural, synthetic, or reclaimed rubber, gutta percha, balata, or gutta siak, rubber products such as tires, rubber footwear, mechanical rubber goods, heels and soles, flooring and rubber sundries. This group also includes establishments primarily manufacturing tires, but establishments primarily recapping and retreading automobile tires are classified in Industry 7534. This group also includes establishments engaged in molding primary plastics for the trade, and manufacturing miscellaneous finished plastics products. The manufacture of elastic webbing is classified in Major Group 22; products made of elastic webbing and garments made from rubberized fabrics in Major Group 23; and synthetic rubber in Industry 2822.

Major Group 31.—LEATHER AND LEATHER PRODUCTS

This major group includes establishments engaged in tanning, currying, and finishing hides and skins, and establishments manufacturing finished leather and artificial leather products and some similar products made of other materials. Leather converters are also included.

Major Group 32.—STONE, CLAY, GLASS, AND CONCRETE PRODUCTS

This major group includes establishments engaged in manufacturing flat glass and other glass products, cement, structural clay products, pottery, concrete and gypsum products, cut stone, abrasive and asbestos products, etc., from materials taken principally from the earth in the form of stone, clay, and sand. When separate reports are available for mines and quarries operated by manufacturing establishments classified in this major group, the mining and quarrying activities are classified in Division B. When separate reports are not available, the mining and quarrying activities other than those of Industry 3295 are classified herein with the manufacturing operations.

If separate reports are not available for crushing, grinding, and other preparation activities of Industry 3295, these establishments are classified in Division B.

Major Group 33.—PRIMARY METAL INDUSTRIES

This major group includes establishments engaged in the smelting and refining of ferrous and nonferrous metals from ore, pig, or scrap; in the rolling, drawing, and alloying

of ferrous and nonferrous metals; in the manufacture of castings and other basic products of ferrous and nonferrous metals; and in the manufacture of nails, spikes, and insulated wire and cable. This major group also includes the production of coke. Establishments primarily engaged in manufacturing metal forgings or stampings are classified in Group 346.

Major Group 34.—FABRICATED METAL PRODUCTS, EXCEPT MACHINERY AND TRANSPORTATION EQUIPMENT

This major group includes establishments engaged in fabricating ferrous and nonferrous metal products such as metal cans, tinware, hand tools, cutlery, general hardware, nonelectric heating apparatus, fabricated structural metal products, metal forgings, metal stampings, ordnance (except vehicles and guided missiles), and a variety of metal and wire products not elsewhere classified. Certain important segments of the metal fabricating industries are classified in other major groups, such as machinery in Major Groups 35 and 36; transportation equipment, including tanks, in Major Group 37; professional scientific and controlling instruments, watches and clocks in Major Group 38; and jewelry and silverware in Major Group 39. Establishments primarily engaged in producing ferrous and nonferrous metals and their alloys are classified in Major Group 33.

Major Group 35.—MACHINERY, EXCEPT ELECTRICAL

This major group includes establishments engaged in manufacturing machinery and equipment, other than electrical equipment (Major Group 36) and transportation equipment (Major Group 37). Machines powered by built-in or detachable motors ordinarily are included in this major group, with the exception of electrical household appliances (Major Group 36). Portable tools, both electric and pneumatic powered, are included in this major group, but hand tools are classified in Major Group 34.

Major Group 36.—ELECTRICAL AND ELECTRONIC MACHINERY, EQUIPMENT, AND SUPPLIES

This major group includes establishments engaged in manufacturing machinery, apparatus, and supplies for the

generation, storage, transmission, transformation, and utilization of electrical energy. The manufacture of household appliances is included in this group, but industrial machinery and equipment powered by built-in or detachable electric motors is classified in Major Group 35. Establishments primarily engaged in manufacturing instruments for indicating, measuring, and recording electrical quantities are classified in Industry 3825.

Major Group 37.—TRANSPORTATION EQUIPMENT

This major group includes establishments engaged in manufacturing equipment for transportation of passengers and cargo by land, air, and water. Important products produced by establishments classified in this major group include motor vehicles, aircraft, guided missiles and space vehicles, ships, boats, railroad equipment, and miscellaneous transportation equipment such as motorcycles, bicycles, and snowmobiles. Establishments primarily engaged in manufacturing mobile homes are classified in Industry 2451.

Major Group 38.—MEASURING, ANALYZING, AND CONTROLLING INSTRUMENTS; PHOTOGRAPHIC, MEDICAL, AND OPTICAL GOODS; WATCHES AND CLOCKS

This major group includes establishments engaged in manufacturing instruments (including professional and scientific) for measuring, testing, analyzing, and controlling, and their associated sensors and accessories; optical instruments and lenses; surveying and drafting instruments; surgical, medical, and dental instruments, equipment, and supplies; ophthalmic goods; photographic equipment and supplies; and watches and clocks.

Major Group 39.—MISCELLANEOUS MANUFACTURING INDUSTRIES

This major group includes establishments primarily engaged in manufacturing products not classified in any other manufacturing major group. Industries in this group fall into the following categories: jewelry, silverware and plated ware; musical instruments; toys, sporting and athletic goods; pens, pencils, and other office and artists' materials; buttons, costume novelties, miscellaneous notions; brooms and brushes; caskets; and other miscellaneous manufacturing industries.

AREA, TOPOGRAPHY, and CLIMATE

Montana, the nation's fourth largest state, has a total area of 147,138 square miles. The extent of climatic variations is indicated by the range in elevation from 1,800 feet above sea level to 12,850 feet. The Continental Divide which traverses the state in roughly a north-south direction exerts a marked influence on the climate of adjacent areas. Statistical data is found in **Climates of the States**, U.S. National Oceanic and Atmospheric Admin.
